

Science Club Begins in April

Building on the momentum from the very successful Whitehills Science & Engineering Festival, Science Club will kick off this month! Children from all grades are welcome in this club, which is free of charge and will meet every two or three weeks on Fridays to do exciting hands-on science projects. The first meeting will be held Friday, April 17 from 4:00-6:00pm in Room 200. We need adult volunteers to assist with demonstrations; you don't need to be an expert! Possibilities include biology (nature walks, animals, pond water microscopy), physics (rockets, optics, magnets), engineering (taking things apart, building machines), and more! Please contact Kyle Enger at engerkyl@msu.edu if you are interested in volunteering.

Whitehills Carnival—Save the Date!

We hope you will join us Friday, May 1 from 6:00-8:00pm for the first annual Whitehills Elementary Carnival! Do you love games? Dream of duck ponds? Have creative ideas? Face paint like a pro? Secretly yearn to run a ring toss booth? The organizing committee is hard at work planning a fun night for the whole family. If you have an idea for a game, booth, activity, or have a skill or materials to donate, please contact the Carnival chair Lynsey Clayton at whitehillscarnival@gmail.com. If you're not able to be involved this year, mark it on your family calendar and just come to enjoy the fun!

Coming Up

Watch for communications about our Brick Sale to spruce up our brick walkway while raising money for our playground! We will also have a playground update in May!
